### Programme Outcome's

Program outcomes represent broad statements that incorporate many areas of inter-related knowledge and skills developed over the duration of the program through a wide range of courses and experiences. They describe broad aspects of behaviour, and encompass multiple learning experiences

1. Learning Ayurved Practice
2. Learning General Practice
3. Learning how to make Ayurved medicines
4. Learning to co relate pathology and other investigations of patients
5. Learning to treat patients with medicines, yoga and other exercises

### Programme Specific Outcome's

Programme Specific Outcomes are which make students realize the fact that the knowledge and techniques learnt in this course has direct implication for the betterment of society and its sustainability.

1. Serving for ill and needy patients is priority
2. Serving as a medical practitioner is a noble job
3. Illness and disease free society is everyone's responsibility
4. Making people learn "Health is Wealth"
